Top issues found (6 total, top 5 shown)

#	Issue	What it's costing you
1	**Your contact page has no enquiry form** high	No easy way for a visitor to reach you — every interested visitor is a lost lead.
2	**Homepage loads in 2.5s** medium	Slower than the 2.5s where conversions start to drop.
3	**First content appears after 2.6s** medium	Visitors stare at a blank screen — many bounce before seeing anything.
4	**No reviews, testimonials or client proof on the page** medium	New visitors have no reason to trust you over an established competitor.
5	**No pricing visible anywhere** low	Buyers self-qualify on price — hiding it delays every conversation and filters out ready customers.

Fix: all of the above repaired in 48 hours, fixed price, with an automated test suite so it can't silently break again. — **no obligation, this report is yours either way.**
